

# Registration for the Electronic Student Book Guide for Parents and Guardians

## Step 1

Go to:

<https://aplikace.dmssoftware.cz/RegistraceUziv>

Click the PIN verification button at the bottom of the page.

The screenshot shows the 'Úvodní stránka registrace' (Registration Introduction) page. On the left is a sidebar with a 'Postup registrace' (Registration Process) menu. The main content area has a title 'Úvodní stránka registrace' and a sub-header 'K čemu slouží aplikace Škola OnLine/dm Software?'. Below this is a paragraph explaining the application's purpose. Then, under 'Hlavní funkce aplikace Škola OnLine/dm Software:', there is a bulleted list of features. Further down, under 'Postup registrace do aplikace Škola OnLine/dm Software:', there is another paragraph and a bulleted list of requirements. At the bottom of the main content area, there is a blue button labeled 'Přejít na ověření PINu'. A red rectangular box is drawn around this button, with the text 'Pin verification button. Click the blue button.' written inside it.

## Step 2

On the newly displayed page you will be asked to enter the name and surname of the person for whom the PIN was generated by the school (see Registration data). Enter the PIN and verify captcha.

The screenshot shows the 'Ověření PINu' (PIN Verification) page. On the left is a sidebar with a 'Postup registrace' (Registration Process) menu. The main content area has a title 'Ověření PINu' and a sub-header 'Co je to registrační PIN?'. Below this is a paragraph explaining the PIN. Then, under 'Upozornění:', there is a bulleted list of warnings. At the bottom of the main content area, there are three input fields labeled 'Jméno:', 'Příjmení:', and 'PIN:'. Below these fields is a captcha image. A red rectangular box is drawn around the input fields, with the text 'Enter the name and surname of the person for whom the PIN was generated by the school, then enter your PIN' written inside it.

## Step 3

After entering the registration details correctly, **press the Verify PIN button and go to the selection of login details.**

## Step 4

If you have filled in all the data correctly, the next page with registration data will be displayed. If the verification of the person was unsuccessful, repeat the whole process or contact your teacher.

After successful verification, **choose your username and password which you will log in with into the dm Software application.** If the username you selected already exists in the application, you will be prompted to select another one. The login details must be remembered carefully, as you will use them each time you log in to the dm Software application.

## Step 5

Logging in to dm Software:

If you have already registered, you can log in to the dm Software application. Enter the URL address <https://aplikace.dmssoftware.cz/SOL> into your web browser. In the top right-hand corner of the Login section, enter your username and password and click the Login button.

If you go to <https://aplikace.dmssoftware.cz/dokumentace/DM/verejnost/> you will find the user manual that will make it easier for you to work with the dm Software application and present all its advantages and applications.
